Our sports teacher offers a wide range of fun innovative activities covering a wide range of sports including cricket, tennis, football and touch rugby. We aim to improve our children's five 'components of fitness', which are *speed, strength, stamina, suppleness and skill*.

Here your children have the opportunity to explore mixed mediums.

Friday afternoon:

The children visit the library in the morning with school finishing at 2.30pm.

Picasso House opened its doors in January 2010 and has grown very quickly in a short period of time.
